ABOUT ME

Results-driven Software Developer with 5+ years of experience specializing in web application development. Adept at leveraging modern frameworks and tools, including Angular, Typescript, and Java, to deliver scalable and user-friendly solutions. Passionate about continuous learning and contributing to open-source communities.

WORK EXPERIENCE

June 2020 – August 2024

Software developer

Altice Labs | Azores, Portugal

Developed and maintained the Smart Wi-Fi Cloud Platform using Angular 15, Typescript, SCSS, and Java.

Collaborated in a microservices environment utilizing Java, Kafka, Gradle, and PostgreSQL. Streamlined CI/CD processes with Jenkins.

Worked in Agile team using Jira to ensure timely and high-quality delivery.

Technologies Angular, Typescript, SCSS, HTML, Java, Gradle, Postgress, Kafka, Microservices, Kubernetes, Jira, Jenkins, Github

February 2019 – April 2020

Frontend developer & QA Engineer

Bring Digital | Azores, Portugal

Developed and customized online banking solutions using the Backbase platform, ensuring seamless functionality and user-friendly interfaces.

Gained hands-on experience in Quality Assurance by designing, executing, and automating test cases.

Successfully followed Scrum methodologies while collaborating within Agile teams to create an user-friendly and high-performance application

Technologies Angular 8, Typescript, Backbase, SCSS, HTML, Git, Jira, Jenkins, Cucumber, Selenium

March 2018 – January 2019

Programmer

Deloitte Portugal | Lisbon, Portugal

Contributed to the near-production development and maintenance of a custom CRM system for a telecom client

Gained experience in SAP Hybris and ServiceNow platforms.

Participated in the full software development lifecycle, including requirements gathering, design, development, testing, and deployment.

Worked in an Agile environment using Jira and Git.

Technologies AngularJS, javascript, SCSS, HTML, SQL, Java, Spring Framework, Git, Hybris SAP, ServiceNow

January 2017 – November 2017

Internship

Caixa Económica da Misericórdia de Angra do Heroísmo | Azores, Portugal

- Development SQL queries and ETL processes on SQL Server and SQL Server Integration Services (SSIS)
- Maintained and debugged a Visual Basic application
